## Welcome!

The Society for Universal Sacred Music is now celebrating our 12th anniversary. We are a community of musicians and listeners, with a common desire for peace and spiritual harmony. Each year we sponsor several events with new and existing works in many different styles. In order to expand this body of work, we are instituting an ongoing, open call for scores. We invite all composers to join us in this work, and everyone to help us with our mission. Please join our mailing list to receive information about our upcoming concerts and festivals.
